## BUTCHERY IN COREA.

The Queen Slain and Her Body Burned.

## A NUMBER OF OTHERS KILLED.

The King Now a Prisoner and His Father Declared Dictator — United States Marines Have Landed to Protect American Interests—Confirmation of Recent Dispatches—Advice to Minister Kurino.

NEW YORK, Oct. 15.—A special dispatch to The Herald from Seoul, Corea, says:

The palace was broken into Tuesday morning by a body of Corean troops and a band of soshi in civilian dress. The colonel in command of the troops, on refusing to enter the palace, was killed and a number of the palace guards were slain. They entered the queen's room and killed the queen, the minister of the household and three women. The bodies were taken outside and burned.

The Japanese troops were at the palace, but took no part in the proceedings.

Tai Won Kun, the king's father, reached the palace soon after the assault and assumed the chief authority. He is now dictator and is said to have been in the plot. The pro-Japanese party is in control. Many of the queen's party have been arrested and many more have fled. It is believed that the queen dowager was killed and that the king will be forced to abdicate. Guards from the United States warship Yorktown and a Russian cruiser have been ordered up. It is thought that the butchery will hasten action on the part of the Russians.

### CONFIRMED AT WASHINGTON.

Minister Kurino Advised of What Has Occurred in Corea.

WASHINGTON, Oct. 15.—Information of the formidable uprising in Corea, resulting in the disappearance and probable death of the queen and the landing of military forces by the United States and European powers, has been received by Minister Kurino of Japan from the foreign office at Tokio. It is quite sensational, indicating the landing of marines by Russia, the United States and probably Great Britain.

The latest dispatch to Minister Kurino states that a force of Russian marines, 40 in number, has been landed. Thus far they have confined themselves to guarding the Russian legation at Seoul. United States marines were landed from the Yorktown to the number of 16. It is believed also that British marines have been landed. Besides these the Japanese have a considerable force of soldiers at Seoul who have been preserving order.

The dispatches come from Tokio and communicate the substance of dispatches received from General Maura, the Japanese envoy at Seoul. They are dated from the 9th to the 12th inst. It appears from these dispatches that the trouble had its inception through the queen's dislike of the newly organized soldiery of Corea. The old soldiers had the primitive equipment of the far east. But with the progress of Japanese influence in Corea two battalions of Corean troops were organized on modern methods. Each battalion numbered 600 men, armed with modern weapons. They were well drilled and officered.

When the queen showed her disfavor toward these new troops they appealed to the Tai Won Kun, a powerful chief who has long been at enmity with the queen. He accepted the leadership of the new troops, and at the head of one battalion entered the queen's palace. The native soldiers fled from the palace. The Tokio dispatches do not state specifically what became of the queen further than that she disappeared and can not be located. The officials are inclined to believe, however, that the unofficial reports of the queen's death are true.

The Japanese government, the dispatches further state, has acted quickly on the reports, and has appointed a commission to inquire into the facts. In the meantime it is emphatically denied that the queen's death, if it has occurred, was due to the Japanese.

One report is that a Japanese soshi killed the queen. This is not yet confirmed in the dispatches here. The officials say that the soshi are an irresponsible and lawless class and that their acts can not be had to the Japanese people or government.

General Maura's reports also cover the work of Japanese troops in preserving order. Those troops were stationed opposite the palace, having secured the place of vantage some time ago through the Corean government. They took no part in the attack on the palace, but after it had occurred, when the native troops were fleeing and the new battalions were enforcing their success in capturing the palace, the Japanese troops aided in preventing bloodshed and disorder. It is probable that some deaths occurred during the melee. Following this came the landing of United States and Russian marines, and, as is believed, the landing of the British.

The latest indications are that the Tai Won Kun and the king are in control of affairs at the Corean capital. The king has been the nominal ruler, but the queen has heretofore been recognized as the real ruler. The influence of the king and the Tai Won Kun are distinctly favorable to the Japanese.

At the Corean legation no word has been received from the disturbed capital. The officials are much exercised and do not doubt that the queen has met her death, although they are not

ready to abandon hope. In case official confirmation is received there will be such formal ceremony as is usual on the death of a sovereign. The legation will go into mourning, but there is not likely to be a funeral service, although this has been considered as a further mark of respect.

### ONE VACANT SEAT.

The United States Supreme Court Again in Session.

WASHINGTON, Oct. 15.—After a recess covering about four and a half months the United States supreme court reconvened at noon yesterday, with all the members of the court present. There was a fair attendance of attorneys and spectators. Secretary of State Olney, Attorney General Harmon, Assistant Attorneys General Dickinson and Whitney, Solicitor General Conrad and Hon. Don M. Dickinson were among the lawyers present. The only vacant seat on the bench was that caused by the death of Justice Jackson.

The proceedings of the day were brief, consisting of the hearing of unimportant motions, the admission of a half dozen attorney to the bar and the introduction of Attorney General Harmon to the court by his predecessor, Secretary Olney. Chief Justice Fuller announced the death of Justices Jackson and Strong, the latter retired, simply saying that the court was saddened by these events. The chief justice also referred to the custom on the part of the court of making a formal call upon the president at the beginning of the term, but said the call would be foregone on account of the absence of the chief executive from the city. Acknowledging the introduction of the new attorney general as made by Secretary Olney, Chief Justice Fuller said:

"The court parts with the retiring attorney general with regret and well comes his successor."

A number of cases were dismissed either by stipulation or motion of appellants and plaintiffs in error. The court then adjourned.

Previous to the assembling of the court the bar met in the courtroom for the purpose of taking appropriate action upon the death of the late Justice Jackson. Secretary of State Olney was called to the chair and Clerk McKenney of the court was designated as secretary. A committee on resolutions was appointed, consisting of Assistant Attorney General J. M. Dickinson, S. P. Walker, B. F. Ayres, H. M. Daftfield, A. H. Garland, T. B. Turley of Tennessee, Samuel Shellabarger, W. A. Maury, Thomas Wilson of Minnesota and W. S. Sundt of Kentucky. The meeting adjourned subject to the call of the chairman.

### THEY WILL FIGHT.

The Big Contest Will Take Place at Hot Springs.

ST. LOUIS, Oct. 15.—A special to The Republic from Hot Springs, Ark., says: The big contest will take place in Hot Springs Oct. 31. In order to comply strictly with the laws of Arkansas the articles of agreement of the Florida Athletic association have been changed from a finish contest to a limited number of rounds, the referee being vested with full power to stop the contest, when, in his opinion, it becomes brutal. The contestants are to box with soft gloves.

Spring Lake, a beautiful resort four miles from the city, has been selected by Manager Brady as Corbett's training quarters. At the request of the citizens of the city Corbett will give an exhibition with his company at the opera house Wednesday evening. Fizsimmons' training quarters have not yet been selected.

### BARRED OUT of the Territory.

WASHINGTON, Oct. 15.—The report of Agent Wisdom, regarding the prevention of the Corbett-Fitzsimmons' prize fight occurring in Indian Territory has been received at the Indian office and is satisfactory. It is stated by the officials that there is no danger of the fight taking place in the territory.

### LOW WATER MENACE.

Vitriol and Other Stuff Found in the Monongahela River Water.

PITTSBURG, Oct. 15.—The long drought in this section continues. There was some rain on Saturday, but it was so slight that it gave no relief. The present extremely low water in the river is causing a vast amount of damage to the industrial establishments on the Monongahela river. At the Edgar Thomson steel works at Braddock, the Carnegie Steel company has been damaged to the extent of several thousand dollars in a peculiar manner. The same condition prevails at the Homestead, Soho, South Side and McKeesport plants.

The chemists at the Edgar Thomson plant on Saturday analyzed the water of the river. They found 15 grains of sulphuric acid in a gallon of water. The water of Turtle creek was also analyzed and found to contain three times as much, or enough to kill an animal that drinks it. The steel companies to prevent corrosion of the boilers this week began to put soda in the reservoir and pipes. This neutralizes the acid, but has a tendency to clog up the pipes, etc.

### Architect Fatally Injured.

SAN FRANCISCO, Oct. 15.—A. Page Brown, one of the leading architects of the Pacific coast, is not expected to live as the result of injuries received in a runaway accident last week. Mr. Brown was driving an ex-hurdle racer called The Nipper on a country road, when the animal ran away and plunged down a steep bank. Mr. Brown had both legs, one arm, his collarbone and three ribs broken. His face was frightfully gashed and his skull fractured. His friends fear he can not survive his terrible wounds.

## DIRECT FROM HAWAII

The Steamer China Arrives at San Francisco.

## EXCITEMENT ON THE ISLANDS.

Cholera Has Abated, but Filibuster Expeditions Are Expected to Land at Any Time—The Government Taking Precautionary Measures of Safety—A Suspicious Vessel Already Seen Off the Coast.

SAN FRANCISCO, Oct. 15.—The steamer China has just reached this port bringing the following advices from Honolulu under date of Oct. 7:

Cholera has about run its course in this city. But one case has been reported since the last mail, making a total of 87 to date. The board of health has lifted the local quarantine and freight of all descriptions can be sent to the neighboring islands. Passenger travel is still restricted at present.

Filibuster expeditions are now attracting the attention of the people. The government has received word that armed invaders may be expected at any time. On the morning of the 4th word was received by the authorities that a boatload of armed men had landed on this island, about 10 miles from Honolulu. The men questioned the natives about the surrounding country, and then put off to a large schooner which was anchored off the shore near Pearl harbor.

A company of police was sent after the stranger and later the government tug was sent out with a field piece and a detachment of regulars. The tug cruised about for five hours and returned, reporting that nothing was seen of the men. The appearance of the supposed filibusters has caused the government to prepare itself for invasion.

The police have all been armed, extra soldiers have been enlisted and, in other ways the government is adopting precautionary measures.

The filibuster craft is supposed to come from some South American port. It is claimed that Ezeta and one of the Ashford brothers are at the head of the movement. Ezeta recently left San Francisco for the south for the avowed purpose, so it is said, of enlisting men to overthrow the present government.

Many people here scorn the idea of any filibuster expedition, but the action of the government of late proves that the men now in power believe that there are grounds for fear and are acting accordingly.

### THE DIVORCE HABIT.

Abe Rhimes Is Trying to Break Away From Number Eight.

LAPORTE, Ind., Oct. 15.—Abraham Rhimes of Fulton county has applied for his eighth divorce. He is 70 years of age. His matrimonial career had its inception March 21, 1876, when he was married to Miss Emilie Gandy, who obtained a divorce Nov. 14, 1881, on the ground of cruel treatment.

Rhimes remained single two years, when he married Martha Robbins. He experienced 11 months of marital discord and in February, 1881, was granted a divorce, reciting that he had been maltreated.

Nov. 22, 1884, Rhimes was wedded to Miss Samantha Bengal, and the divorce court annulled the marriage April 14, 1885, his wife's temper being the basis of his petition.

On Jan. 5, 1887, Rhimes found peace of mind in an alliance with Miss Lavinia Straw, but again the divorce court recorded the old story of domestic infidelity.

Miss Anna Rowland became wife No. 5 and peace and happiness reigned for upward of a year. April 5, 1889, Rhimes was again divorced, and on July 14, 1890, tried it again, Miss Sarah Overstreet being the bride. Two years later the husband secured a divorce on the plea that his wife had attacked him with a pair of scissors.

Miss Rachael Magnum was next wed and won, their wedding taking place March 23, 1893. She was divorced from her Sept. 8, 1894. Rhimes repented of the action and on March 25, 1895, he again married Miss Magnum, who was his last and eighth wife. They quarreled, but the court refused the much-married husband a divorce, while Rhimes is determined to secure a decree and he has gone to Michigan to acquire a residence, where he will seek to annul the tie.

### Prominent People Indicted.

RUSHVILLE, Ind., Oct. 15.—A week ago last Saturday night six hogs were stolen from the premises of John Miller of Walker township. The hogs were found next morning in the slaughter pens of Moore & Taylor, at Arlington. The theft caused great excitement among the farmers of that vicinity, and a grand jury investigation was inaugurated. An indictment was returned Saturday afternoon against Nola Beckner, Charles Rives and John F. Moore, charging them with grand larceny. They were arrested and placed in jail, but Moore was afterward released on bond. The accused are well known and connected with some of the best families in the vicinity of Arlington.

### Held Dash For Liberty.

MICHIGAN CITY, Ind., Oct. 15.—Four convicts made a dash for liberty yesterday from the state prison here. One fell from the prison walls and broke his leg. James Carr, a four year man, made good his escape and is now hiding in the hills west of the town. The other two men were captured by the guards. Guards are scouring the vicinity for Carr. The four men were employed in the prison dining room and had unusual privileges.

## DURANT TRIAL POSTPONED.

Another Week Will be Devoted to Taking Testimony.

SAN FRANCISCO, Oct. 15.—The trial of Theodore Durant for the murder of Blanche Lamont did not go on yesterday. So many of the jurors are business men, and it being collection day, the court adjourned. It is likely that the court will take a further adjournment. Attorney Denprey, the leading counsel for the defense, is confined to his bed with rheumatism and his associates will base this as a reason for continuance for several days. Although the court is known to be opposed to delays in this trial, it is believed, however, that he will grant the continuance. In that case the trial will not likely be resumed before next Monday.

In the meantime, Theodore Durant remains in his cell, never leaving it for the customary exercising in the corridors. It is said that he is becoming exceedingly irritable. Since he finished his testimony in Judge Murphy's court, the defendant has lost considerable vivacity, and instead of being careless and indifferent, he is serious and troubled. For the first time since his arrest, the medical student seemed impressed with the proper idea of his terrible position. At last it has dawned on him that he may be convicted and as he realizes the chain of circumstantial evidence against him he has become much depressed.

Attorney Dickinson, for Durant, remarked that he thought the defense would be able to put in the balance of its testimony in two days or less. Then the prosecution will pit its witnesses in rebuttal. District Attorney Barnes says he will handle them rapidly, but Dickinson is preparing to cross-question the witnesses at length, and on that account it need create no surprise if another week is devoted to the work of taking testimony.

Although Captain of Detectives Lees is busily engaged in the trial of Durant for the murder of Blanche Lamont, he is not overlooking the Minnie Williams case, but is still gathering evidence to be used when the trial of that case is begun.

Many think that in the event the prisoner is convicted of the killing of Blanche Lamont he will not be put on trial for the murder of Minnie Williams.

Captain Lees and the district attorney have made up their minds, however, to press both cases. Just how soon the second trial will begin has not been determined, as a date for the hearing has not been set.

### STARVED TO DEATH.

Mrs. John A. Grover Took No Nourishment For Over Two Months.

ST. LOUIS, Oct. 15.—At Hopeville, O., Sunday night, Miss Buckham, a highly respected lady, was met by a drunken man named Leggett. The girl stepped off the sidewalk to avoid Leggett but he grabbed her by the arm and with an oath drew a revolver and shot the young woman through the heart. He escaped but was quickly overtaken by a mob which was about to lynch the murderer, when he was rescued by the officers of the law. The people of the town are greatly excited.

Disaster Caused by a Dog.

NEW PHILADELPHIA, O., Oct. 15.—While Simon Hisrich of Canal Dover was driving along the street here a dog jumped at his horse. The car had to be lifted to get out the mangled body.

TUESDAY, OCTOBER 15, 1895.

Fair weather, followed by local  
showers.

The New York Sun referring to the political situation in Kentucky, very pointedly says: "General Hardin should be elected as a Democrat and because the State is and should remain Democratic."

Since the new tariff bill went into effect 201 mills for the manufacture of textile fabrics have been started in the country. Of this number thirty-eight manufacture woolen goods. And all this, too, notwithstanding the predictions that the bill would paralyze the manufacturers of the country.

The Cincinnati Tribune, a Republican journal, says: "Fifteen thousand new cars ordered for Chicago railroads or their branch connections this year is an indication of the strong tide in business. With these orders there have been others for 160 new locomotives, a majority of which, like the new cars, will run into Chicago. These orders for cars and locomotives are the greatest placed by the combined Chicago roads since the two years preceding the panic of 1893."

Colonel Worthington was in Greenup, at his home, on Thursday, October 3d; he left Greenup Friday, October 4th; no appointment was made for him to speak in Maysville on the 3d or any other day during this campaign; the announcement in the Louisville Commercial is a mistake due to the reporter only. Trusting you will set the matter right before your people, I am very respectfully,

ROBERT C. MEYERS.

The above appeared in Saturday's issue of the Public Ledger. The Mr. Meyers whose name is signed it is said to be Colonel Worthington's partner. It will be noticed that he doesn't say Colonel Worthington was not in Maysville on the day referred to. Under the C. and O.'s schedule the Colonel could very easily have been at his home in Greenup on October 3d, and in Maysville also, and he could have left Greenup on October 4th. His appointment to speak here was announced not only in the Louisville Commercial but in the Cincinnati Post also. Our authority for the statement that he was in Maysville has already been given. Of course, Mr. Keyes may have taken some one else for the Colonel.

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

### EX-GOVERNOR McCREARY.

The Distinguished Kentuckian Talked to a Large Crowd Monday Afternoon.

Ex-Governor McCreary was greeted by a large crowd at the court house Monday afternoon, and delivered a telling speech in favor of sound money.

He claimed that sound money, however, didn't necessarily mean a gold standard.

Mr. McCreary is a bimetallist and said he had always favored the largest use possible of both gold and silver.

He reviewed the financial history of the country at length, and had the closest attention from his large audience throughout.

### Thanks.

The Synod of the Southern Presbyterian Church at the close of its session adopted by a rising vote the following:

*Resolved*, That we tender our thanks to the members of the Central Presbyterian Church and the good people of Maysville who have so kindly entertained us; also to the street car railway for courtesies.

As pastor and Chairman of the Committee on Entertainment I wish thus publicly to heartily endorse the action of the Synod. W. O. COCHRANE, pastor.

### That Bank Tax Decision.

Says the Cincinnati Tribune: "The recent decision by the Supreme Court of Kentucky not to reopen the bank cases is a victory of great value to the banks of that State, as it gives them a tax rate of 75 cents for some fifteen years, which is about 1 per cent. less than the Ohio banks pay. When it is known that the court's decision relieves the banks of a possible tax rate amounting to about one-fourth their net earnings, the value of the decision may be comprehended."

## GETTIN' IN TROUBLE.

Billie O. B.'s Talk Stirring Up a Rumpus.

A Colored Republican Organ Takes Down His Name and Asks Negroes to Scratch Him.

The New South, the colored Republican organ in Louisville, edited by the colored attorney, Albert S. White, has renounced its allegiance to Colonel W. O. Bradley, and is in a state of open revolt. In its issue Saturday Col. Bradley's name is missing from the ticket, and his picture is published in another part of the paper, labelled as follows: "Hon. W. O. Bradley, the man that will be defeated on November 5th by the 65,000 colored voters of Kentucky." Then follows a column editorial, headed "Without a Standard-bearer," setting forth the reasons why the colored voters of Kentucky should scratch the head of the ticket. Following are a few extracts:

"The New South can not conscientiously support Mr. Bradley. We have tried our best to do so, but our conscience and our sense of duty forbid our standing by a man who turns his back upon justice, fairness and splits upon every national platform adopted by his party since its infancy. The Republicans of Kentucky are without a standard-bearer."

"Mr. Bradley has forsaken the party. In order to gain a few Democratic votes he has slapped the time-honored principles of his party in the face. If the negroes of Kentucky support him they are bigger fools than we give them credit for being."

"To expect the negroes of Kentucky to support Mr. Bradley is to suppose that we have lost all self respect and surrendered the hope of all these years to advance the personal ambition of the man."

"The negro who can vote for Bradley ought to be put back into slavery. Bradley is one of the worst enemies the race ever had. He says he's against our having our civil rights under the law, and we ought to be opposed to his riding into office through demagogery and over the crushed hopes of a helpless people, and, by the eternal, the New South is inadmirably opposed to him and his ilk."

"Vote the Republican ticket but scratch Bradley."

The revolt was brought about by Col. Bradley's declaration that he is opposed to the repeal of the Separate Coach bill and against the passage of anything similar to the "Civil Rights' bill" recently passed by the New York Legislature.

### BRADLEY IS BEATEN.

That's What a Bourbon County Stock Dealer Says.

LEXINGTON, Ky., Oct. 8.—A prominent Bourbon County live stock dealer whose business takes him through the counties of Carter, Elliott, Wolfe, Powell, Breathitt and other parts of Eastern Kentucky, said in an interview here last night: "All this talk about Bradley going to carry the mountain counties doesn't amount to a hill of beans. I have been over a great deal of East Kentucky and I have no hesitancy in saying that Bradley will not poll anything like the vote he thinks he will get in that section. The people of Eastern Kentucky are as badly divided on the money question as they are in any other section of the State, and I do not believe that Bradley will poll within 25 per cent of the full Republican strength."

## FINANCIALLY EMBARRASSED.

Deeds of Trust Executed Monday by H. C. Barkley & Co. and the Maysville Fair Company.

A deed of trust from Messrs. H. C. Barley & Co., the well-known shoe merchants, to Mr. W. W. Ball, cashier of the First National Bank, was filed for record in the County Clerk's office Monday afternoon. Mr. H. C. Barkley and Mr. W. H. Means, members of the firm, also executed deeds of trust as individuals, Mr. Ball being the assignee in each case.

The assets and liabilities are not stated, and until a schedule is filed no correct figures can be given.

The assignment of Barkley Co. was forced on them through recent private financial losses sustained by Mr. Barkley, and the fact that some years since the firm was so largely overstocked with fine footwear that the losses occurring from the latter cause alone has been so great as to seriously cripple and involve them. This combination of causes, together with the generally depressed business conditions prevailing, have brought about the assignment.

Mr. Barkley and Mr. Means have been identified with the commercial interests of Maysville for years, and no more popular business men are to be found. Sincere regret is expressed at the news of their embarrassment, and it is hoped their financial troubles will soon be satisfactorily adjusted. That the interruption to their business may prove only temporary, is the sincere wish of their many friends.

### THE FAIR COMPANY ASSIGNS.

The Maysville Fair Company also executed a deed of trust to Mr. Ball Monday afternoon. As is well known the recent fair and the races in July were failures from a financial point, and in addition to this the company has been carrying a debt since the new grand stand was erected and the other improvements were made.

As to the liabilities, the correct figures cannot be given, but they are placed at about \$17,000. Of this sum, \$10,000 is a preferred debt, secured by bonds and mortgage.

The company owns about ninety acres of land, on which the fine race course, with grand stand, floral hall, stables and other improvements are located. The improvements cost about \$20,000, and the company's assets ought to more than equal the liabilities.

The members of the company, Mr. James W. Fitzgerald the popular and efficient Secretary in particular, have been untiring in their efforts to make the annual fair and races a success. Their friends on every hand regret to learn of the company's troubles.

### Trains on Time.

The Chesapeake and Ohio reports the movement of through trains for the month of September as follows: No. 1 reaching Cincinnati in the morning and No. 3 F. F. V. limited reaching Cincinnati in the evening from New York and Washington never missed a single connection during the month, although the month of September was characterized by the heaviest westbound business ever handled by this road, it consisting in part of the G. A. R. en route to Louisville, Knights Templar returning from Boston and tourists returning from Europe and the sea shore. The F. F. V. limited leaving Cincinnati 12:01 noon reached its destination on time with the exception of two minor delays during the month. The same may be said of the Washington express leaving Cincinnati at 9:10 p.m.

### Judge Hutchins' Party Affiliation.

The BULLETIN was in error yesterday when it stated that Judge Hutchins had given his party affiliation as "Independent" at the last registration.

An examination of the books show that he either failed or declined to give his affiliation; nor does the registration of 1894 show his party affiliation.

Under the new law it is necessary for one to give his affiliation to entitle him to participate in a primary held by his party.

EATON, O., Oct. 14.—John Monosmith, seventeen, shot Gertrude Lally, nineteen, through the head with a pistol Saturday night. The couple had been going together for some time. Jealousy was the cause of the crime.

Monosmith went to the house and, as the girl opened the door, pulled a pistol and shot her over the left eye. She fell, and the boy walked home, where he was arrested. The girl will probably die.

From a letter written by Rev. J. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. Mrs. Dick Sechrist is seriously ill with typhoid fever.

Mr. and Mrs. A. J. Boyd were visiting friends at Maysville last week.

The Concord Mission band is holding a meeting at Beechburg, Fleming County.

Mrs. Eliza Teager, of the Tolleboro neighborhood, is visiting her daughter, Mrs. Doc Adams.

Mrs. R. G. Applegate, Mrs. H. Applegate and Miss Mary May were the recent guests of Elder and Mrs. A. Wood.

Miss Belle Trisler, of Orangeburg, has returned from the Atlanta Exposition, and is spending some time with her sister, Mrs. J. K. Carr.

The announcement that there would be a wedding at the Baptist Church on Sunday night, October 13th, drew together a large crowd of people. Mr. Perry Virgin and Miss Emma Belle were the contracting parties. Promptly at the hour for evening services the crowd came pouring in till the ushers said "It is enough," the house will hold no more. Then Elder T. P. Degman, who was to perform the ceremony, arrived and addressed the waiting audience with a few appropriate remarks. Then came a letter to Elder Degman, which he read while the choir sang. At the close of the song he was obliged to announce that the wedding was declared off.

The young lady was either sick or had changed her mind. The audience took it good humoredly, but Brother D. looked the disappointment he felt, and as if he would like to preach a little sermon to some one not present.

### LOUISVILLE TOBACCO MARKET.

A Decided Improvement in Prices. Higher Last Week Than Since Close of June.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 2415 hds, with receipts for the same period 610 hds. Sales on our market since January 1st, amount to 131,193 hds. Sales of the crop of 1894 on our market to this date amount to 159,702 hds.

Sales on our market last week included 1929 hds. of burley tobacco and the market showed a decided improvement in prices, especially for burley of good color including leaf, lugs and trash. There has also been a decided advance in medium red fillers. All grades considered, the market has been higher the past week than at any time since the close of June.

It has now become generally recognized that the estimate 15 per cent. of the crop was destroyed by the frost and freeze is very conservative. We have had very unfavorable weather for curing the crop after being housed, as the weather has been almost uninterrupted dry, a repetition of the weather conditions which prevailed last fall and which had such an unfavorable effect on the crop.

The following quotations fairly represent our market for burley tobacco, (1894 crop):

Trash (dark or damaged tobacco).....\$ 1.50 @ 2.75

Common color trash.....2.75 @ 3.25

Medium to good color trash.....3.50 @ 5.00

Common lugs, not color.....2.50 @ 3.50

Common endores.....4.00 @ 5.50

Medium to good color lugs.....5.50 @ 8.00

Common endores leaf.....5.00 @ 7.00

Medium to good leaf.....7.50 @ 12.00

Good to fine leaf.....12.00 @ 15.00

Select wrapper leaf.....15.00 @ 30.00

WILLIAM S. CLEVELAND has evolved another mighty mixture of mammoth shows and has gone himself four times better by organizing a quadruple affair that taxes talent, and sends his salary list up among the pictures. His latest scheme is a four-fold show—a white minstrel show, a black minstrel show, a troupe of Arabs and a troupe of Japanese, and added to all three brass bands to let us know all about it. Adjectives lose their power in speaking of such an amazing aggregation, but a newsboy came pretty near it when he watched the turnout, about eighty strong, parade the streets and exclaimed "Jehosophat!" Well, so long as Billy Cleveland wants to squander his money in this way we are satisfied, and it pleases the public who are by a long odds all the while getting the best of the bargain. All the same it must be aggravating for the manager of Cleveland's great show to see so many people turned away, when by proper arrangement in advance the massive combine might quite as easily play in and fill two theatres a night instead of one.

He will be here Wednesday night.
